Remarkable Clocks.

LIARITIES. Longfellow, in his Hyperion, tells us that on the belfry of the Kauthaus in Coblentz is a huge head, with a brazen belief and a beard, and whenever the clock strikes, at the beard, and whenever the clock strikes, at the command.

We deem it quite sure that the number since applying will make at least twelve hundred who must again be refused admittance unless you provide room for them. gether as if it would say, "Time was—Time is—Time is past!" This figure is known in all the country round as "The man in In addition to a saving in the cost of build-

many a beautiful island, but with none more beautiful than the island of Tierne, a land most fair and fertile, and where all the outlines of creation seemed for power and happiness. But alas! for many a long century a deep and blighting gloom has covered that land, and now it is in an agony again, for the hand of the torturer is upon it, and against that torturer the lawful owners of the soil, driven to despair, are rising in a revolution, of which I say, with my whole heart, God-speed it.

A termine blasphemously called the work instead of saying, "How are all the good people in Coblentz?" he savs, "How is the buildings. At the same time it would give more satisfaction to patrons of the school and the public to retain as many scholars as possible in the present locations.

After careful thought and investigation of the subject, we beg to say that on the line of improvements we suggest, we think the following about the lowest reasonable cost at which the increased accommodations on the commedations near to and adjoining present buildings. At the same time it would give more satisfaction to patrons of the school and the public to retain as many scholars as possible in the present locations.

After careful thought and investigation of the subject, we beg to say that on the line of improvements we suggest, we think the following about the lowest reasonable cost at which the increased accommodations of the same time it would give man in the custom-bouse?"

Another very remarkable clock is found at Prazue, built probably by some of the old Hussite church. The clock itself forms of the subject, we beg to say that on the increased accommodations of the school and the public to retain as many scholars as possible in the present buildings.

After careful though and investigation of the subject, we beg to say that on the increase of improvements we suggest, we think the following about the lowest reasonable cost at which the increased accommodations of the school and the public to retain as many scholars as possible in t

A famine blasphemously called the work minutes, days, months, years, and even cen-A famine biasphenously cared the work of the fether providence of God instead of being called by its right name—the work of the hellish providence of the British Government and Irish landlords—in 1847 bestrewed the island with corpses and filled the emigrant ships with thousands flying the emigrant ships with thousands fly the emigrant ships with thousands flying from tyranny and death. Then it was that Mitchel and his copatrlots endeavored to arouse those who remained to action and to St. Mark's Cathedral, the twenty-four hours

arouse those who remained to action and to fight for their liberties, their fives, and the possession of the land which gave them birth; and I cannot more effectively describe what then occurred, and is now occupied what then occurred, and is now occupied to the second of the land which gave them are marked with the signs of the zodiac and the phases of the moon. Above this is the Madonna, sitting in state upon a platform beneath two doors. On grand words of Robert Holmes: "A light shone across that gloom. Bright and glorious was with a big trumpet, which he blows, and that light, but short and transient, serving then, bowing to the Madonna, passes on, but to show the darkness which had gone before. Yes, a light overshone across that the three wise men of the East, one of gloom. That light was extinguished by the whom is as black as night. These all foulest means that ever fraud or injustice practiced; and it seems that every attempt to rekindle that light is to be crushed as serviced which closes after them. On the platform dition, and the sentence of dependence and is a huge bell, beside which stand two

to be confirmed and made perpetual."

'Twere long to tell and sad to trace the theories through which Ireland has passed in her efforts to be free. It is "a historical exaggeration" to believe that the creed of the Irish was at the root of all their rehellions. the Irish was at the root of all their rebellions, high and five long, represented a noon landfor, to use the words of an eminent author, scape of great loveliness. In the foreground "The struggle between the two races had raged for centuries, when their religion was in full bloom; in the rear a hill, gradual in the same. It was a question of nationality, reformation came, and it undoubtedly furnished some new pretexts, aggravations, and alliances; but it did not produce—for some years it hardly influenced—the quargele. With Elizabeth, however, matters be
in its winding rocks and tiny islands, but presently losing itself in a far-off stretch of cuty of Richmond, having thirty-four years to run from the 1st of January, 1880, for the purpose of enarging the accommunations of the public schools.

RICHMOND, Va., February 5, 1880.
Messrs. Editors,—In moulding this globe

would be insufficient for a full narrative

In 1848, as I have said, Mitchel and his

copatriots endeavored to arouse the people

very men whose condition they strove to

ameliorate, but they were true men of God's

Mitchel's sincerity and devotion. A few

they had come to Dublin to assist in his res-

cue, which they understood was contemplated. Mitchel was deeply moved, and ad-

dressing himself to one of them, said in sub-

have I endeavored to dissuade them from it.

walls, but if it be the beginning of a revolu-

Let Ireland not despair; fier hour of re-

men, and empires die as well as cities; and

the British Empire is on the wane, for a

power is now waging war upon it against which her iron-clads and her hundred-ton

guns are of as little avail as if they were ves-

sels of sheet-tin armed with pop-crackers,

and her royal horse-guards as powerless as

if they were so many wax dolls; and that power is the competition of American man-

ufactures and American produce. Quite re-

cently the London Times said that thou-

sands of English farmers were giving up

a comparatively recent issue the following

he colonies, and even to the United States,

where they hope to invest their capital in

heir own land, and where they would not

their holdings. 'Tis not many months since

LOCAL MATTERS.

Supreme Court of Appeals,—Greenhow, with some choice singing, closing with treasurer, vs. Auditor of Public Accounts.

Appeal allowed to a decree of the Circuit Court of the city of Richmond, rendered Stringfellow. All the ministers of the city were present except Rev. Mr. Campbell. THE CITY COUNCIL IN REPERENCE TO ADDI-

OFFICE OF THE MAYOR, INCHMOND, VA., February 2, 1880.
